

Reference letter for Blatt Wallcovering.

To Whom it may concern:

I have worked with Elisha Blatt, Blatt Wallcovering, for the past ten years and can give him the highest recommendation. I can honestly say that I have never once had any difficulty working with Elisha, I have referred his services for all these years and never had a complaint.

Elisha has installed all types of goods for my residential as well as commercial clients. He is up front about his availability and has always been flexible about fitting in my clients installations and meeting my time schedule. Most importantly, I have always had great feed back from my clients about Elisha's professionalism, efficiency and excellent quality of workmanship. He is a true master of his craft.

Having worked with numerous installers over the eighteen years that I have been in the Interior Design business, I can highly recommend Blatt Wallcovering.

Sincerely,
