

To Whom It May Concern:

Mr. Elisha Blatt repapered three bathrooms in our Scripps Ranch home and did a superlative job. He is truly a craftsman, exhibiting extraordinary attention to every detail. He is professional in every way, arriving on time and cleaning up at the end of each day's work.

Mr. Blatt worked in our home for over a week with a minimum of disruption to our routine. He is careful, considerate, and a very easy person with whom to work. We are pleased to recommend him without reservation.
