Dear Elisha,

We are writing to tell you how very pleased we are with the wallpaper installation you did in our home recently. You obviously care about customer satisfaction and take great pride in doing the best work possible. Your careful attention to detail and concern about good wall preparation prior to applying the paper is especially appreciated. Your adherence to scheduling and your professional manner made us most comfortable.

It was helpful to us to have access to your portfolio of recommendations. Please feel free to add our letter of customer satisfaction and we would be happy to speak personally on your behalf.

We look forward to seeing you again.

Most sincerely,

Suzanne K. C. Schulman
